United Arab Emirates	37	68	≥80	≥80	≥80	≥80
Yemen	36	≥80	71	32	12	55

Note: Values in italics correspond to imputed values. Country index values of 80 and over are reported as ≥80 for presentation purposes and to avoid comparisons that are not meaningful given the inability of the index to adequately distinguish between countries with high level of service coverage provision.

* Proxy indicators; + Values are rescaled for incorporation into the index calculations.

² Geometric mean of the rescaled values for medical doctors, psychiatrists and surgeons.

Legend

Very high coverage (80+)
High coverage (60-79)
Medium coverage (40-59)
Low coverage (20-39)
Very low coverage (<20)
